

Princeton Friday Night Folk Dance

PFNFD COVID-19 PROTOCOL

- Effective July 21, 2023, proof of full COVID-19 vaccination and/or booster will no longer be required for participation in our dance events. However, we **strongly recommend** all participants to be fully vaccinated and up-to-date with boosters.
- We will continue to collect participants' contact information for contact tracing purposes, and we will notify participants in case of a possible COVID-19 exposure.
- All participants are still required to review and be able to answer 'NO' to the posted health questions. We recommend doing a [Health Self-Check](#) before coming to dancing. If you feel unwell, please stay home.
- Masks remain optional at our regular sessions. However, if you are **not** vaccinated and/or boosted OR if you are immunocompromised, we **strongly recommend** wearing a well-fitting, high-quality mask (N95, KN95, KF94, or surgical).
Masks may be mandatory at our special events, regardless of vaccination status.

IMPORTANT!

If you experience symptoms of, or test positive for, COVID-19 within five (5) days of attending a PFNFD dance event we ask that you promptly contact PFNFD by email at pfnfd2@gmail.com.

If you need to update your contact information or if you have any questions, please write to pfnfd2@gmail.com.
